# ADOPT A WELCOME BABY GIFT

*for new moms & dads!*

Giving a client a welcome gift not only helps them launch parenthood, it's an important touchpoint we have with the clients to foster a deeper relationship, check in with their family and invite them to participate in our parenting classes. We also get to "ooo" and "ahh" at their precious newborn babies!

## *Giftbag tips:*

- Decide on a bag for a boy, girl, or a bag suitable for either
- Consider praying over the bag or including a brief note of encouragement
- Rally your co-workers, small group, or circle of friends to collect items and assemble the giftbags together
- Drop off the bag during operating hours at one of our three locations or our admin office. (We encourage a call ahead so we can know when we expect you.)
